

CLASS B ENGINEERING 65MM

CLASS B ENGINEERING 65MM

Manufactured to BS EN 771-1

Brick type

Category II, U, Clay Masonry Unit

Standard work size

215 x 102.5 x 65mm

Dimensional tolerances

Tolerance category: T2

Range category: R1

Compressive strength

$\geq 75\text{N/mm}^2$

Water absorption

$\leq 7\%$

Durability

F2

Active soluble salts content

S2

Configuration

Vertically Perforated 15-25% Voids

Dry weight per brick

2.5kg

Pack size

504

Factory

Accrington

SKU

SACCCLB1600VO

Forterra Class B engineering bricks are sold as "utility" bricks to conform to a high technical specification. Class B Engineering bricks are not sold as facing bricks and therefore may vary in colour and/or texture, and occasionally contain bricks with superficial blemishes such as chipping, hairline cracks and crazing etc. To this end the imagery is for indicative purposes only.

Disclaimer: The reproduction of colours and textures is only as accurate as the printing process will allow. Photographic samples should be used when shortlisting products but we advise that an actual sample should be seen before ordering.
